## PRODUCTS

## ARTISAN OILS

We believe that using traditional methods is still the best way to naturally retain the flavors, nutrients, and health benefits that nature provides. La Tourangelle is proud to produce a wide variety of products, from nut oils and coconut oils to infused oils and body care oils.

*Our mill managers sample nuts from all over the Central Valley, seeking the proper balance for flavorful oils. Our oils are sold across the United States from Seattle to Dallas to New York City.*
