

WOODSIDE ELECTRONICS

WOODLAND, CALIFORNIA

COMPANY

THE SCIENCE OF OPTICAL SORTING

*In Woodland for over 30 years;
Founded in Mountain View,
CA in 1982*

WECO (Woodside Electronics Corporation) has been designing, manufacturing, and servicing electronic sorters for decades and has thousands of units deployed worldwide. WECO serves several industries: tomato sorting on the harvester; walnut producers; and several small fruits including cranberries and wine grapes.

FUTURE

OUR HOME IN WOODLAND, CA

"Woodland is the best location for our business because of its proximity to the Central Valley where our loyal customers are"

Don Douglass
WECO President

Woodland is at the heart of key agricultural industries like pecans, cranberries, tomatoes, and wine grapes

Used at home in Northern California and abroad in Europe, Australia, Asia, and more
