

# HENRY'S BULLFROG BEES

YOLO COUNTY, CALIFORNIA

## COMPANY

## QUALITY POLLINATORS

*A family business since 2007*

Henry's Bullfrog Bees was established by Henry Harlan, a dedicated seventh generation farmer, and his hardworking wife, Robin Harlan, with the hope of

***"Getting a Jump on Pollination"***

by providing resources in order to help their business and the surrounding agricultural community blossom.

## PRODUCTS

## RAW ALL NATURAL

Through sustainable practices The Harlan Family thrives to uphold the quality of the land by providing top quality pollination and honey products. In 2009, Robin launched **PURE Honey** allowing the family to differentiate with a specialty line of varietal and infused honey and other products.

**Raw:** Honey as it exists in the beehive or as obtained by extraction, settling, or straining without adding heat.  
-The National Honey Board

Products:

- Henry's Bullfrog Honey
- Pure Honey: Lavender Infused, Wildflower, Caramel and more!
- Beeswax and Honey soap
- Personalized favors and gifts

## FUTURE

## OUR HOME IN WOODLAND, CA

*"From Our Bees to Your Table"*

*"We don't want to be the biggest at what we do, we just want to be the best at what we do."*

**-Henry Harlan**

Henry's Bullfrog Bees and Pure Honey continue to work hard to provide the community with **raw honey**. Doneice Trotter has also joined the family business, as well as a small group of hardworking beekeepers and dedicated crew members.
