

# BAY STATE MILLING

WOODLAND, CALIFORNIA

## COMPANY

## A TRUSTED FAMILY OF INGREDIENTS

Bay State  
Milling

A fifth-generation family owned company supplying exceptional flour and plant-based ingredients since 1899

*Opened Woodland mini-milling and blending facility in 2013  
Relocating and expanding within Woodland in 2018*

## PRODUCTS

## THE PLANT-BASED INGREDIENTS YOU NEED

Over the last decade, Bay State has expanded into better than 30 key categories beyond their staple wheat flour, many of which will be manufactured at the Woodland mini-milling facility. These premium-quality ingredients are featured in baked goods and value-added food products worldwide.

### Woodland facility

- Rice flour
- Millet
- Oats
- Cinnamon
- Various other ancient grains, sprouted grains, spices, and blends

## FUTURE

## OUR HOME IN WOODLAND, CA

*“We like that a lot of our employees have connections to Woodland. It’s where they’re part of a community... it has an infrastructure of hotels, restaurants, and shopping. There really is a commitment to business-friendly policy. The package that Woodland has feels unique”*

**David Sachs**

Vice President and General Manager of  
Mini-Milling and Blending

At the new Woodland facility, Bay State will increase its employment from 25 to 35 with plans for further growth.
