PRODUCTS

SEASONAL, SUSTAINABLE, LOCALLY-SOURCED

"We're lucky to be in California and even more so to be in Northern California because we have such great soil and are able to grow so many different crops" says owner and manager Christy Hayes

Kitchen428 and Mojo's rotate their menu seasonally and source most ingredients within the surrounding 100 miles

Favorite menu items include fried Brussels sprouts, salmon crab cakes, and the lunchtime steak sandwich

FUTURE

OUR HOME IN WOODLAND, CA

"I liked the fresh ingredients and scratch-made food I saw in Sacramento in 2011 or so and I wanted to bring that to Woodland - the people have been really open to this concept and I love working on community events"

Christy Hayes
Owner & Manager

Hayes plans to open "Scribbler's Coffee," featuring local roasts, desserts, and deli items, on Historic Main Street in Summer 2018
