

PT WELDING

WOODLAND, CALIFORNIA

COMPANY

HOME GROWN

Founded by Woodland local Pat Trafican, PT Welding has grown slowly into an regional industry leader in agricultural trailers and custom welding repairs

In Woodland since 2003, on East Main Street since 2011

PRODUCTS

“DO A GOOD JOB AND KEEP YOUR WORD”

PT Welding designs and manufactures agricultural trailers for tomatoes, walnuts, grains, and more. The company also performs custom welding and fabrication work for select clients. PT Welding “takes the best of what we’ve seen” in other trailers and puts it together into the highest-quality product possible.

You can find PT’s signature mud flaps throughout the California Central Valley as well as Washington, Oregon, Idaho, Nevada, and Arizona

FUTURE

OUR HOME IN WOODLAND, CA

“It’s a centralized location. Where we’re at, it’s perfect. I think Woodland is a great town. Anything to help the community, we love to be involved.”

Pat Trafican
Founder
PT Welding

Pat hopes to improve and expand PT Welding’s existing facility soon. PT “can take more work” if they continue to expand their staff. “If you want to work, we’ll train you,” says Pat. “If you don’t mind getting dirty and you want to work hard, that’s what we’re looking for.”
